

INTERNATIONAL DAY  
OF WOMEN AND GIRLS  
**IN SCIENCE**  
FEBRUARY 11

## History and Today: Inspiring Women

### CONSERVATION: AYANA ELIZABETH JOHNSON

**BORN:** New York, USA, 1980

#### WHAT IS AYANA INTERESTED IN?

Ayana is a marine biologist and works on ocean conservation, sustainable fishing and climate change.

#### WHY DOES AYANA INSPIRE US?

- Ayana has created a podcast 'How to Save a Planet' about solutions to climate change
- She has written lots of articles and books about conservation, including bestselling book 'All We Can Save'
- She founded Urban Ocean Lab, which promotes ocean conservation to address rising sea levels, which can cause flooding and threaten homes near coastlines.

#### WHAT DO YOU THINK?

- How do you feel about climate change?
- What small changes could you make to protect your environment?
