

## Offer Holder Q&A – Tuesday 10<sup>th</sup> May 2022

### Chat Transcript

scheibler: Could you please discuss your EMS program requirements? How is it structured and will I be able to complete the pre-clinical years abroad despite the pandemic(i.e. my home country)? Thanks

scheibler: yup graduate entry

Chloe Williams: If we applied through VMCAS, filled out the financial guarantee form and sent the fee would you still like us to email you to formally accept the offer?

Rebecca Millard: We were sent a list of recommended textbooks for first year, are there any you highly encourage us to buy? Or that are pretty much required ?

Kai Tang: For the GEP course, when school commences on 8 August, will we start classes from day one? Around when will we have our schedule? This is because the school accommodation check-in date is only 2 days before school commences and I am trying to plan the rough date that I should arrive in Edinburgh to settle down before school starts (get a bus pass, phone plan, collect our vet student equipments etc.).

scheibler: How many students are in the graduate program?

Rebecca Millard: What will be the situation with covid protocols ? Is it planned that lectures will be in person or still a mix of online and in person ?

Kai Tang: Will GEP 1 have classes in Welcome Week?

Kai Tang: Are exams usually before or after vacation?

Kai Tang: Thank you very much everybody!

Rebecca Millard: Thank you !
