Sustainable Development Goals Bingo!

Here is a way to get your class familiar with the SDGs and start some discussions!

Give each student one of the bingo grids provided containing 9 of the SDGs - you can either print these off (they needn't be in colour) or send them to a tablet device as a pdf.

Randomly select one SDG at a time and call it out, instructing students with that goal on their grid to mark it off and taking time to discuss each goal as it is called

The first student to mark off all the goals on their grid should shout "BINGO!" and they are the winner!

You can mark off each goal on the grid below to keep track of the ones you have called

For teachers as well as students we have a free Massive Open Online Course on Sustainable Global Food Systems available at:

https://learning.edx.org/course/course-v1:EdinburghX+GSA1.1x+3T2020/home
